During this day all people remember their teachers and honor them in various ways. On Teacher's Day, students, and all of us are students always (Aa Jeevan Vidyarthi ! - Life Long Student), across the nation honor the teachers and gurus in their lives by sending good wish cards, holding programs in their schools and colleges, honoring teachers and educators with mementos and prizes, including paying tributes through social media.

In India teachers are also remembered on the day of "Guru Poornima", which falls on a full moon night in the month of July . In 2017 it was on July 7th. In our ancient system of Guru-sishya parampara, Guru is considered equal to god. This guru poornima day everyone offers obedience to their teachers. Maharishi Ved Vyasa, who wrote the four vedas (Rigveda, Samaveda, Yajurveda and Atharvaveda) is considered as the first guru and many Hindus and Buddhists offer Pooja and tributes in his name.
